*In Pursuit of a Dream* chronicles the journey of twenty-four students who in 2008 left their homes in the United States, exchanged their shorts and sandals for long dresses and pioneer pants, and set off on a two-week journey on the Oregon and California Trails traveling by wagon train in Wyoming and Oregon. OCTA’s mission is to preserve the Trails and their history.

With the film “In Pursuit of a Dream” OCTA wants to inspire a new generation of young preservationists.

**Free to students young and old!**
